Professional Summary

Software Engineer with a strong foundation in Python, JavaScript, and frontend development, transitioning from a career in Central Banking to full-time software engineering. Skilled in building scalable applications, writing clean code, and solving real-world problems through technology. Demonstrated ability to learn rapidly, collaborate effectively in remote teams, and deliver practical solutions. Currently seeking a remote software engineering role to contribute to impactful projects and grow within a forward-thinking team.

Professional Experience

Software Engineer – Codetrain Africa (Remote Internship)
May 2025 – Present

- Built responsive, user-centric web applications using HTML, CSS, and JavaScript.
- Collaborated with backend developers to integrate APIs for seamless frontend-backend communication.
- Improved application performance through code optimization, reducing load times and enhancing UX.

Assistant Manager – Central Bank of Nigeria
Jan 2019 – Dec 2024
Statistics Officer

- Participated in nationwide economic and financial surveys using robust sampling methods.
- Analysed survey data to inform monetary policy and national economic reports.
- Created clear, actionable data reports for internal and external stakeholders.
- Led data validation efforts, ensuring quality and accuracy across datasets.
- Partnered with the National Bureau of Statistics to align methodologies.

Reconciliation Officer

- Conducted daily and monthly financial reconciliations between internal records and external statements.
- Identified and resolved transaction discrepancies, ensuring financial accuracy.

Bank Teller

- Processed high-volume financial transactions while maintaining strict compliance and customer satisfaction.
- Ensured accurate daily reconciliation of cash and customer records.

Treasury Officer

- Oversaw branch liquidity, tracking and reporting cash supply across denominations.

- Compiled weekly treasury reports to support operational and financial planning.

Education & Certifications
